RE: Investigation Update (Case 24-198)

I want to take the opportunity to provide additional information about our investigation. As indicated yesterday in my update message to the community, we unfortunately located Nikolai Grayson near The Lakes, after he was reported missing. Preliminarily, we did not find evidence of foul play. Nonetheless, because he went missing under unexplained circumstances or without explanation, we are continuing our investigation.

While our investigation is ongoing, there is no current evidence of a risk to the community.
