RE: Investigation Update (Case 24-198)

As we continue our investigation about Nikolai Grayson, we have learned of a woman who may have been walking her two dogs near the lakes on the evening of November 21, 2024. We are interested in speaking with her to understand if she may have seen anything that evening that could assist us in this investigation.

The woman is described as being in her mid-60s, 5 '6," with gray hair and possibly wearing a red raincoat, long pants, and tennis shoes. She was walking two dogs, who were possibly labradors, in rain gear. It is possible that this woman lives in or near the K section of Rohnert Park.

If you know something: Anyone with information that may assist with this investigation is urged to call the Sonoma State University Police Department at 707-664-4444.
